All the above mortgage products are limited offers available to customers who already have a Principality mortgage and who are at the end of their current deal. These mortgage products can be withdrawn at any time. *The overall cost for comparison (APRC) is a way of comparing the actual cost of your mortgage. †The Loan to Value (LTV) is the amount of your loan compared to the valuation or purchase price of your property (whichever is the lower), shown as a percentage. ‡The early repayment charge stated is a percentage of the remaining balance or, if partial payment is made, a percentage of the amount paid. †This is our current Standard Variable Rate and is subject to change.

If you decide to repay your mortgage early, you will incur an Early Repayment Charge unless stated otherwise in the product description. Repayments in excess of your agreed mortgage instalment up to a sum equivalent to 10% of your outstanding mortgage balance can be paid each calendar year. Any payments which exceed this 10% limit will incur an Early Repayment Charge.

The Early Repayment Charges stated below are a percentage of the amount repaid on or before the end of the Term of Initial Rate. The table below shows how our early repayment charges reduce.

Please note, if you decide to repay a mortgage with a discounted rate early, your Early Repayment Charge will be 1%, unless stated otherwise in the product description, if repaid in full on or before the end of the Term of Initial Rate.
