# Summary Savings Rate Guide 2021/22

---

# Explaining your statement

---

Your statement shows the interest you've earned for the year, as well as your 'move money in' and 'move money out' transactions.

For more information about your interest rate please refer to the terms and conditions of the account.

If applicable, the figures shown as 'Tax-free interest', 'Interest paid' and 'New balance' include any interest added to your account on 6th April 2022.

If you have any other accounts with us and you have opted to receive a paper statement you will receive this in April through the post.

If you have an online only variable rate account that is not an ISA, e.g. e-Saver or Web Saver, you will receive your statement in January.

## **Important information**

If you find anything on your statement which you believe is incorrect please let us know immediately.

Please send your statement to our Customer Services department at Principality Building Society, Principality Buildings, Queen Street, Cardiff, CF10 1UA, highlighting the queries.

# Tariff of charges for our savings accounts

---

The charges we make relate to the operation of our Savings Accounts and reflect the expenses and costs that we incur.

Our charges are variable. For more details on how and when they may be varied please refer to our 'Savings Terms and Conditions' leaflet.

We will tell you about any changes to charges either by general notice in our branches or through our Customer Contact Centre, together with advertisements in one or more newspapers of our choice, or by letter or other personal notice.

Revised details of charges will also be sent to you with your annual statement.

The items described as 'Service Charges' reflect the fact that we are providing you with additional services.

## Fees and charges applicable from 2nd July 2019

Telegraphic transfer £8.

### DEFINITIONS:

- \* Gross interest is the rate of interest before income tax is deducted at the rate set by law.
- † AER stands for Annual Equivalent Rate and illustrates what the interest rate would be if interest were paid once each year on the whole balance, including previous interest payments.
- ✦ Tax-free means UK Income Tax and Capital Gains Tax is not deducted from the interest you earn. This depends on your individual circumstances and may change in future.
- ▲ Subject to compliance with ISA requirements, details of which are available from the Society.
